

# ECKlien WellTreat

**POINT OF ENTRY (POE) Water Disinfection System**

Healthy living with safe water in every corner.

**99.9%  
GERMS  
REMOVAL**

Point of Entry (POE) fresh water disinfection system designed to make your water safe and disinfected.

Whole home water disinfection with advanced electrochemical water treatment technology.

# ECKlien - a whole home water solution for a healthy living.

Avoid water borne diseases during shower, mouthwash, dish washing, cloth washing, vegetable washing or even hand wash. Protect yourself against bacteria, viruses and fungi. ECKlien is effective against most organisms like Legionella bacteria, Cryptosporidium, Rotifers, Copepods and E. Coli. Ensures a residual effect of disinfectant avoiding any pickup of germs even in pipeline during distribution.

## Models

Model	Capacity - flowrate (Litres/Hour)	Pump Capacity (HP)
